ALFLEX[®] BOOSTER

60MT Lengths
Available

Applications

A unique semi-rigid single jacket hose designed for use on hose reels, lighter than a traditional rubber hose.

Construction

Attack hose that performs a rigid reel hose. Continuous high tenacity polyester woven jacket, with a rigid weft of helical polyester monofil reinforcement. Lining constructed of lightweight extruded EPDM rubber.

Temperature Range

-40°C - 82°C. The hose withstands the hot steel cube test at 260°C for more than two minutes.

Physical Properties

Part Number	Nominal D	Working Pressure	Test Pressure	Burst Pressure	Weight	Thickness
